

Groundbreaking Ceremony held for New Addition China Facility

Release Date: December 14, 2015

On October 8th, 2015, Addition Manufacturing Technologies broke ground on the land of a new Addition facility to be built in Wuxi, China. A ceremony was held to bring good fortune and prosperity to the new Addition enterprise. Ian Wynter, Addition's General Manager of China Operations, (shown in photo) gave a brief history of Addition's background.
